PERFECT SOLUTIONS FOR YOUR KITCHEN

BY GROHE

KITCHEN FAUCETS

At GROHE we understand that your kitchen is a reflection of you. It's more than just a space to cook and clean – it's where you express yourself, enjoy yourself and even stretch yourself. That's why we have created a range

of products that allow your inner home chef to shine, with professional-grade functionality that won't let you perform better and intelligent design that reflects your personal taste.

GROHE KITCHEN FEATURES

GROHE SMARTCONTROL

SmartControl kitchen puts precise control at your fingertips. Instead of a lever you start and stop the water flow by pushing the button on the spray – great for those moments when you have your hands full as it can be operated just by your wrist or elbow. To control the flow just turn the valve, changing smoothly from an eco-flow to a powerful jet.

To adjust the water temperature, turn the valve at the body gently to the left or right. The pull-out spray head design gives you great flexibility, and with this feature available in three faucet designs and 8 attractive finishes, the perfect model for your kitchen scheme is at your fingertips, too.

Available on following lines:
SmartControl (Essence, Minta, Zedra)

GROHE EASYTOUCH

Kitchens are hands-on places, where multi-tasking is a must. Why not make life easier for yourself with a GROHE touch-activated faucet?

With GROHE's innovative EasyTouch faucets sticky fingers won't slow you down and cross-contamination is a thing of the past. Hidden GROHE technology lets you start and stop the flow of water with a single tap of your arm, wrist or the back of your hand, anywhere on the spout. Leave your hands free and keep your faucet sparkling clean. Change the way you control your kitchen with just a single touch.

Available on following lines:
Zedra, Minta

GROHE FOOT CONTROL

For kitchens where time is of the essence and convenience is a must, why not go hands-free? GROHE's Foot Control faucets can be turned On and Off with a gentle tap of your foot on the base unit, where a capacitive sensor is placed, leaving your hands free and your faucet spotless at all times. Three of our most popular faucets come with this innovative Foot Control technology, or you can retro-fit the feature to any GROHE pull-out kitchen faucet. To say goodbye to germs, mess and hassle, simply tap your feet!

Available on following lines:
Essence, Eurodisc Cosmopolitan, Concetto, Eurostyle Cosmopolitan, Eurosmart Cosmopolitan, Eurosmart

Except for low pressure variants, SmartControl and GROHE EasyTouch faucets.

GROHE PREWINDOW

Having your sink area in front of a window provides you with a view to soothe and inspire you while preparing food or washing dishes. With the GROHE PreWindow solution you can open and clean your window easily. Just lift up the faucet and lay it flat on the surface – job done.

Available on following lines:
Concetto, Eurosmart Cosmopolitan, Eurosmart

GROHE KITCHEN FEATURES

GROHE OPEN WATER HEATER

In kitchens that are a long way from the central hot water supply, small boilers directly under the sink are really common. In these specific cases a special kitchen mixer is required. Hot water can run immediately and this solution offers you the perfect flow in combination with open water heaters.

Available on following lines:
Concetto, Eurosmart Cosmopolitan, Minta, Eurosmart

GROHE ZERO AND COOLTOUCH

Lead and nickel free inner water ways – no contact of water with lead and nickel due to use of harmless material within the faucet.

No scalding on hot surfaces thanks to 100 % GROHE CoolTouch.

Available on following lines:
SmartControl, Zedra, Eurodisc Cosmopolitan, Concetto, Eurosmart Cosmopolitan, Eurosmart, BauLines

GROHE SHUT-OFF VALVE

This small shut-off at the base of your kitchen mixer turns off the water supply for the dishwasher or washing machine for maximum convenience day-to-day. One quick turn and the water is safely shut-off.

Available on following lines:
Concetto, Eurosmart Cosmopolitan, Eurosmart, BauLines

GROHE FINISHES

PHANTOM BLACK

With Phantom Black, GROHE Professional offers a sophisticated darker color option which at the same time guarantees lasting durability.

STAINLESS STEEL

Put sleek, strong, stainless steel at the heart of your kitchen with a GROHE kitchen sink. Our above-standard grade stainless steel offers great performance, crisp angles and generous capacity in a timeless, hardwearing material.

PVD

Made-to-last surfaces ranging from precious matt to shiny like a diamond. The special recipe to success lies in our long-lasting surface quality. GROHE uses state-of-the-art technology to deliver exceptional quality finishes. The physical vapour deposition (PVD) process ensures that the surface composition is three-times harder, delivering glistening gold or sophisticated stainless steel finishes. As well as being harder, the surface is also ten times more scratch resistant, so it can be cherished for a lifetime.

GROHE SMARTCONTROL

Juggling kitchen tasks? Feel like you never have enough hands? The new SmartControl feature is here to make life easier. Instead of grappling with a lever it lets you switch the water flow on and off with just the touch of a button – meaning you even use your elbow or wrist. Turn the button to control volume with ease, from an eco-flow to a powerful jet. To adjust the water temperature, turn the valve at

the body gently to the left or right. In addition, by pushing the Dual Spray button, you can switch between laminar or mousseur spray and shower spray modes. To control the flow just turn the valve, changing smoothly from an eco-flow to a powerful jet. The pull-out mousseur head gives you great flexibility for rinsing the sink. Available on three tap designs. Designed for every modern kitchen.

GROHE ZEDRA

The reinvention of a legend brings design flair and innovative operation to your kitchen – the new GROHE Zedra. With an elegantly fluted body the Zedra offers intuitive, tactile operation and great features such as lead and nickel free water flow. The pull-out spray is ideal for rinsing veg or the sink itself – you can select from three spray types according to the job in hand – while water consumption is reduced by up to 70% without compromising performance. When finished it retracts easily into place thanks to the Magnetic Docking system. The range has a model to suit every need, from a SmartControl version to a pillar faucet with filter. Available in two finishes, this sleek, sophisticated faucet puts you in control.

KITCHEN SINKS

Add up how much time you spend at your kitchen sink. Filling pots, preparing veg, washing up after a big meal. It's a place you will stop at countless times each day, so why not choose a sink that exceeds your needs in terms of quality, design and features?

GROHE sinks have been designed to fit every type of kitchen scheme, with a range of innovative, modern designs perfect for your space. You can choose between a sleek, hardwearing stainless steel model or a super-durable composite available in two contemporary colors. You will find compact models with integrated drainers, large double sinks for when you need to spread out, and chic built-in sinks that fit flush to your worktop.

With features like the GROHE FastFixation system and reversible designs as standard, you can have your new GROHE sink installed with no fuss or hassle. We are also confident that you will love the special features on offer, like the automatic waste that means never plunging your hand into dirty water again. Thanks to GROHE Whisper technology you can even be sure that this will be your quietest sink ever – for composite sinks the material itself reduces the noise from water flow and for GROHE stainless steel sinks special integrated insulation achieves the same effect. With a sink from GROHE you'll notice the difference, making every time you use your sink less of a chore.

GROHE STAINLESS STEEL SINKS

Put sleek, strong, stainless steel at the heart of your kitchen with a GROHE kitchen sink. Our above-standard grade stainless steel offers great performance, crisp angles, and generous capacity in a timeless, hardwearing material.

GROHE COMPOSITE SINKS

For those who prefer darker tones: our new sinks in contemporary Granite Black and Granite Grey are made from durable composite that is not only scratch-proof but also stain-resistant and easy to clean.

FEEL THE BENEFITS INNOVATIVE FEATURES, FINISHES AND FUNCTIONS

We can't claim to make washing up a joy, but thanks to the smart, useful features of every GROHE sink, we certainly believe that we can make your sink somewhere you are happy to spend some time. With a GROHE sink, cleaning is easier, draining the bowl can be done remotely, and even the sound of the water running is minimized. Just select your ideal size and style – installation is effortless and the benefits speak for themselves.

Automatic control

For even more comfort you can upgrade your waste set from manual to automatic control. Fits to all kitchen sinks series.

Pre-punched faucet holes

Many models come with pre-punched faucet holes, meaning no additional tools are required and some sinks are reversible and can be installed as either left- or right-handed option.

Overflow

The overflow, available on all GROHE sinks, avoids any spillage of water in case the faucets are inadvertently left open. The perimetric solution available on some models improves the look, thanks to its squared-out and essential shape.

Water drainage

Drainage from the bowl's base and drainers is an important feature, always well cared for on GROHE sinks. In the squared-out, flat-bottomed sinks, good drainage is ensured by the elegant diamond-shaped creases that make the water flow away more easily.

Spacious bowls

All GROHE kitchen sinks feature spacious bowls meaning you have lots of room to maneuver and enough space for washing large pots with ease. Thanks to our innovative manufacturing technique, all of our stainless steel sinks offer a generous depth of min. 16 cm while the innovative computerized casting technique allows our composite sinks a generous depth of even at least 20 cm.

Waste fitting with remote control

GROHE sinks are equipped with a 3.5" waste fitting and practical strainer plug that prevents solids and leftovers from flowing away with the waste water. The steel cap available on some models adds elegance to the bowl and hides any residue collected in the underlying basket.

Siphon included

For a quick and hassle-free installation each sink comes with an under-sink siphon complementing the scope of delivery and guaranteeing an ALL IN ONE solution.

GROHE STAINLESS STEEL SINKS INNOVATIVE FEATURES, FINISHES AND MOUNTING TYPES

Customize your kitchen space by choosing the perfect GROHE sink for you. Our K-series range of stainless steel sinks covers every size, configuration and price point, so you're sure to find your perfect fit. The range includes 1, 1.5 or 2 bowl options. Various mounting types from built-in to undermount are available for your individual taste. Make it your very own central kitchen hub with our accessories – perfectly matching our sinks for your ultimate comfort.

We are also confident that you will love the special features on offer, from the noise-reducing GROHE Whisper insulation to the automatic waste that means never plunging your hand into dirty water again. With a sink from GROHE you'll notice the difference, making every time you use your sink less of a chore.

FINISHES

AISI 304

On every sink model GROHE uses the AISI 304 stainless steel, exceeding the quality standard of the industry. Thanks to its high percentages of chrome and nickel it contains, AISI 304 steel gives a particularly bright finish and makes the products enduring against rust and corrosion.

GROHE satin finish

GROHE's brushing technique creates a stainless steel surface that is smoother and less porous than many other brands, making cleaning your sinks easier and significantly enhancing its durability.

MOUNTING TYPES

Top-mount

Traditional built-in with a vertical 8 mm edge.

Undermount

Sleek and contemporary, ideal for installation under the worktop.

Flush-mount

The product is sunk 1 mm deep recess thus being perfectly flush with the worktop. As alternative, it can be installed on the worktop as well.

INNOVATIVE FEATURES

GROHE StarLight

All GROHE sinks use stainless steel graded above the industry average, so you can be confident of their quality and durability. Our innovative brushing technique means that the sparkling steel surface is ultra smooth for easier cleaning.

GROHE FastFixation

Install your sink swiftly and easily thanks to the GROHE FastFixation system (kit supplied). With two pre-punched faucet holes most of our sinks are easily reversible, giving you the flexibility you need for any design scheme.

GROHE Whisper

Shhh! A special insulation on the underside of the sink means that noise from running water and handling pots and pans is reduced to a minimum.

Water drainage

Drainage from the bowl's base and drainers is an important feature, always well cared for on GROHE sinks. In the squared-out, flat-bottomed sinks, good drainage is ensured by the elegant diamond-shaped creases that make the water flow away more easily.

Waste fitting for easy handling

Thanks to the automatic waste your hands will stay clean and dry. For even more convenience, upgrade your sink with the stylish push-excenter.

GROHE push excenter

Upgrade your sink with the stylish GROHE push excenter 40 986 SDO (fits to all kitchen sinks).

GROHE K1000 SERIES

A superior sink designed for the demands of contemporary kitchens, the K1000 features a welded design with a diamond-shaped bottom, as well as a generous draining area. Its

architectural style is matched by useful features like an included siphon and automatic waste fitting. It can be flush-mounted or top-mounted.

GROHE COMPOSITE SINKS INNOVATIVE FEATURES, FINISHES AND MOUNTING TYPES

Customize your kitchen space by choosing the ideal GROHE sink for you. Our K-series range of composite sinks covers every size, configuration and price point, so you're sure to find your perfect fit. The range includes round and square models in two different colors – Granite Black and Granite Grey. Select from 1, 1.5 or 2 bowl models, with or without and integrated drainer, with dimensions suited to kitchens from the spacious to the compact. Plus choose between a neat top-mounted model or a sleek, minimalist under-mounted version which sits under the worktop.

FINISHES

AT0 | Granite Grey

QUARTZ COMPOSITE

Your sink can cope with the daily demands of even the busiest kitchen thanks to our innovative composite material. Using 76 % quartz – the hardest part of granite – mixed with acrylic resin, GROHE composite sinks are the toughest around. This hardened composite material is resistant to scratches, dents, stains, cracks and heat up to 180 °C. The smooth surface is easy to clean and 100 % food safe for total peace of mind.

AP0 | Granite Black

Each GROHE composite sink is produced using a computerized polymerization casting process which guarantees a seamless finish and total uniformity of color throughout. What's more, the composite won't fade in UV light, meaning its certain to stay looking as good as the day you bought it.

MOUNTING TYPES

Top-mount
A traditional built-in look with a vertical 8 mm edge. Installation is with clips (except for models 31 653, 31 654, 31 655 and 31 648 – silicone only).

Undermount
Installed under the worktop for a sleek, contemporary look.

INNOVATIVE FEATURES

GROHE FastFixation

Install your sink swiftly and easily thanks to the GROHE FastFixation system (kit supplied). With two pre-punched faucet holes most of our sinks are easily reversible, giving you the flexibility you need for any design scheme.

GROHE Whisper

Shhh! GROHE sinks reduce noise from running water and handling pots to a minimum, thanks to the dense mix of quartz and acrylic in our composite sinks.

Heat resistant up to 180 °C

Never hesitate to put down a hot pot again – GROHE composite sinks are heat resistant up to 180 °C.

Stain resistant

Because your sink has to be practical as well as beautiful, GROHE composite sinks are stain resistant for long-lasting good looks.

100 % safe

Enjoy total confidence in using your kitchen your way – GROHE composite sinks are 100 % food safe, making prep easy and hygienic.

Non fading in UV-light

Let the sunshine in! Our composite material won't fade in UV-light, keeping your sink looking pristine and color-true.

Easy to clean

Your composite sink is easy to keep clean so you will be able to enjoy its flawless finish for years to come.

Spacious bowls

All GROHE composite sinks feature seamless bowls with a generous depth of at least 20 cm maximizing space for washing large pots and filling vases with ease.

Waste fitting for easy handling

Thanks to the automatic waste your hands will stay clean and dry. For even more convenience, upgrade your sink with the stylish push-excenter.

KITCHEN ACCESSORIES

Add the final finishing touches to any kitchen scheme with GROHE kitchen accessories, designed to coordinate seamlessly with all GROHE sinks and faucets. A useful soap dispenser, mounted on the edge of the sink, keeps the worktop free of clutter, while a neat pop-up remote-control waste set keeps your hands out of the dirty water – both these details come in colors corresponding to GROHE sinks and faucets for complete visual unity.

GROHE KITCHEN ACCESSORIES

The perfect way to add the finishing touch to your kitchen is with one of GROHE's range of modern and elegant Accessories. Practical and durable,

they are built with classic GROHE workmanship and designed to match all of GROHE's kitchen faucets.

GROHE WASTE SETS

It's the little details that make or break a design. GROHE sinks come with a variety of waste set options, ensuring not just aesthetic harmony with our sinks and faucets, but also practical, comfortable function. Our pop-up waste sets save you putting your hands

into the dirty water – they come with a basket strainer, overflow cover, and clever remote control operation via a worktop mounted remote control (available in both round and square models).

RIGHT | 40 986 GNO | Waste set sink with push-excenter
40 996 GNO | Waste set sink with excenter (1 bowl)

40 986 AL0 | Waste set sink with push-excenter
