grés porcelânico esmaltado | glazed porcelain stoneware | grès cérame émaillé | glasierte Feinsteinzeugfliesen

espessura | thickness | épaisseur | dicke | толщина | 10mm

A variação de tonalidade e não homogeneidade das peças em porcelanato são características do produto. A amostra pretende ser representativa do produto a fornecer.

Shade and homogeneity variations are inherent to all fired products. Actual sample is meant to represent the material to be supplied.

Variations de nuance et manque d'homogénéité des carreaux de grès cérame sont caractéristiques du produit. L'échantillon est destiné à être représentatif du produit.
